

AUTOMATE
SMARTER SHADES

AUTOMATE® PULSE2

Designed in California and made to be seen, the second generation of the Pulse hub allows for further customisation with the introduction of additional scenes and timers.

The new hub boasts native sunset and sunrise technology. Shades will raise or lower based on location to allow precise and automatic shade control.

With built-in Wi-Fi or the option of a LAN connection, the Pulse2 quickly connects to the home's network to unlock the luxury of automated shade control.

Automate Pulse2 offers more integrations than ever before. Experience voice-activated shade control via Google Assistant, Amazon Alexa and now Apple Homekit with Siri.

AUTOMATE APP

The Automate Pulse2 App enables sophisticated shade control straight from any iOS or Android smart phone or tablet.

Utilise the Automate Pulse2 App to group shades by room or scene, establish custom schedules and set timers for convenient and efficient shade control.

POWERED BY ARC

ARC™ (Automate Radio Communication) is Rollease Acmeda's proprietary, bi-directional communication technology that brings the Automate motorised shade systems together. ARC communicates the status of shade positioning and battery health straight to the Automate App.

Just ask...

VOICE CONTROL

Utilising voice commands, operating Automate controlled shades is now more convenient than ever.

Automate takes advantage of native integration for shade control with Apple HomeKit & Siri, Google Home & Assistant and Amazon Alexa. The “native” control responds to the user’s naturally-spoken language for shade operation and does not require any additional set-up.

Alternatively, shades can be synchronised with smart devices and actions with IFTTT.

HOME AUTOMATION SYSTEMS

Control shades, lighting, entertainment, security, climate and other connected devices via one convenient control system.

Automate is compatible with a variety of premium home automation systems of these solutions to enable shade control.

For home automation systems outside this compatibility list, simply use the Automate Relay Module to bridge the connection between the smart system and Automate motors.

Compatible with

AUTOMATE PUSH REMOTES

The cutting-edge design of the new Automate Push remotes is modern, simple and functional.

Available in gloss white or matte black finish, Push remotes feature a tactile button layout for improved usability.

AUTOMATE PARADIGM REMOTES & WALL SWITCHES

Automate Paradigm wall switches and hand-held remotes feature 15 channels within a contemporary design. The wireless Paradigm controllers are retro-fit ready, making them perfect for all motorised shade applications.

ARC MOTION SENSOR

Installation of an ARC Motion Sensor allows for protection of external awnings from the elements.

The ARC Motion Sensor can detect movement and strong vibrations, such as wind, triggering the motor to automatically close the awning.

SOLAR POWERED ARC WIND & SUN SENSOR

The solar powered wind and sun sensor will naturally react to the elements to automatically open or close an awning, always providing a comfortable external environment or protection of the awning.

AUTOMATE WIRE-FREE LI-ION ZERO MOTORS

The new lithium-ion battery motors boast a patented “wire-free” design with the antenna cable concealed within the motor head and a micro-USB port for charging.

Additionally, the motors feature new ‘soft close’ and ‘battery check’ technology. With the press of a button the motor moves the shade down to signify the battery percentage level, while ‘soft close’ ensures an elegant and quiet finish at the end of the shade’s movement.

Automate Wire-Free Li-ion Zero allows for proficient installation within residential homes and small commercial projects, with no electrical wiring required and the ability to be retrofit into existing Rollease Acmeda systems*.

*Retrofit capability only possible with RB07, RB08 and RB09 systems.

Automate Wire-Free Li-ion Zero Q1.1
Automate Wire-Free Li-ion Zero Q1.1 Short
5V, 1.1Nm, Ø25mm, 20-28RPM, 552mm long

Automate Wire-Free Li-ion Zero Q2.0
5V, 2.0Nm, Ø28mm, 20-28RPM, 649mm long

Automate Wire-Free Li-ion Q3.0
5V, 3.0Nm, Ø35mm, 20-28PRM, 851mm long

Automate Wire-Free Li-ion Q10
5V, 10.0Nm, Ø45mm, 9-5RPM, 817mm long

AUTOMATE SOLAR PANEL

With its smaller design and improved performance in low light, the new Automate Solar Panel offers an energy efficient upgrade for the entire Automate Wire-Free Li-ion range of motors.

AUTOMATE DC ROLLER MOTORS

Automate DC motors are an excellent choice for motorising roller shades in the residential space or for small commercial projects.

The Automate DC Roller Motors connect with low voltage cables, so a qualified electrician is not required for set-up, therefore keeping installation costs to a minimum.

With the variable speed settings, the Automate DC Roller Motors can be fixed to a slower, quieter speed to suit small spaces.

Automate DC 1.1
12V, 1.1Nm, Ø25mm, 20-40RPM, 299mm long

Automate DC Q2.0
12V, 2.0Nm, Ø28mm, 20-28RPM, 437mm long

AUTOMATE E & M ROLLER MOTORS

For roller shades to suit medium to large windows and large commercial projects, the Automate E range of AC powered motors and the Automate M range of mechanical limit motors are the ideal hard-wired choice.

Automate E6
240V, 6.0Nm, Ø35mm, 28RPM, 579mm long

Automate M6
240V, 6.0Nm, Ø35mm, 28RPM, 473mm long

AUTOMATE DC POWER DISTRIBUTION PANEL

The Automate DC Power Distribution Panel provides power for up to 18 separate Automate DC motors, removing the need for individual power adapters. While also supporting cable runs of up to 540 metres, this is the complete, hardwired solution for motors that require speed control and quiet operation in narrow applications.

AUTOMATE EXTERNAL MOTORS

7 YEAR WARRANTY

The Automate FT15 has been tailored for Rollease Acmeda's Zipscreen and External Wire Guide systems. When used with Rollease Acmeda's Ultra-Lock, a simple touch will activate the FT15 motor to automatically close, lock and tension the blind for increased stability and ease of use.

At the upper end of the scale, the Automate AX50 provides all the benefits of having smart shades with the lifting capacity required to control the Zipscreen Extreme and Wire Guide Extreme.

Automate FT15
240V, 15.0Nm, Ø45mm,
15RPM, 621mm long

Automate AX50
240V, 50Nm, Ø45mm,
12RPM, 676mm long

AUTOMATE AWNING MOTORS

7 YEAR WARRANTY

The Automate AX30 and AX50 are our most adaptive set of external motors yet. Designed to power a collection of outdoor shades, the AX range is built to smoothly operate open bracket and closed cassette configurations.

Featuring impact detection, precise limit adjustment and self-tightening technology, both motors ensure cassette awnings come to a perfectly sealed close, every time.

The AX30 and AX50 can be used with the Extreme roller systems, and our full range of folding-arm awning solutions.

Automate AX30
240V, 30Nm, Ø45mm,
15RPM, 676mm long

Automate AX50
240V, 50Nm, Ø45mm,
12RPM, 676mm long

AUTOMATE CURTAIN MOTORS

The Automate Versa drapery motor can power curtains up to 11 metres wide with fabrics weighing just over 50 Kg's. This versatile motor easily connects to two different power sources – a rechargeable lithium-ion battery or an AC power module, providing greater flexibility at installation.

Automate Versa Drapery Motor
240V, 1.2Nm,
80-120RPM, 326-460mm long

Automate C
240V, 1.2Nm,
14RPM, 335mm long

AUTOMATE ROMAN MOTOR

The Automate CL 0.8 motor can be paired with Rollease Acmeda's SS38 Motorised System, providing a flexible motorised solution for roman shades.

Offering the choice of battery power or 12V wired connection, the CL 0.8 also integrates with the Automate suite of controllers to achieve the smart shade experience.

Automate CL 0.8
12V, 0.8Nm, Ø24mm,
34-50RPM, 193mm long

AUTOMATE TILT MOTOR

The Automate tilt motor enables motorisation of Venetian Blinds with both low and high profile head-rails. With adjustable speeds and automation configuration available through the Automate Pulse2 app, users can optimise an environment's daylight throughout each day.

Automate Core Tilt
8.4V, 0.6Nm,
10RPM, 103mm long

CHERISH YOUR SHINING LIGHT

The best window coverings balance fashion and function. They bring warmth to a living space, offer perspective into the world around and help keep us safe and secure.

Automate shades eliminate any physical operating cords, creating a child and pet safe environment. They offer comfort and convenience with automation to suit your lifestyle - letting light in when you want it and providing privacy when you need it while ensuring the ones we care about most are protected from harm.
